WILLIAM SHAKESPEARE

The Sonnets

'In black ink my love may still shine bright...'

Universally admired and quoted, Shakespeare's *Sonnets* have love, beauty and the passing of time at their heart. Featuring some of the best-known and best-loved lines in the history of poetry ('Shall I compare thee to a summer's day?', 'Love is not love which alters when it alteration finds'), these evocative sonnets explore passion, the fleeting

nature of beauty and the essence of true and everlasting love.

- 2016 marks the 400th Anniversary of William Shakespeare's death, and will spark a renewed interest in the playwright and his legacy.

LEWIS WALLACE

Ben-Hur

'The happiness of love is in action; its test is what one is willing to do for others.'

In first-century Judea, Jewish prince Judah Ben-Hur is falsely accused of assassinating a Roman governor, and sentenced to life as a galley slave. His fortunes are reversed when he saves the captain's life and returns, determined to seek revenge. His life becomes intertwined with that of Christ's, and after witnessing His teachings and eventual crucifixion

Ben-Hur discovers the redemptive power of forgiveness.

- The bestselling American novel of the nineteenth century. After numerous stage and film adaptations, it remains hugely influential today.
- A hotly anticipated new film adaptation is due for release in 2016, starring Jack Huston and Morgan Freeman.

ARTHUR CONAN DOYLE

The Valley of Fear

'The greatest schemer of all time, the organizer of every devilry, the controlling brain of the underworld, a brain which might have made or marred the destiny of nations – that's the man!'

Summoned to a mysterious manor house by one of the henchmen of his arch nemesis, Professor Moriarty, Holmes and Watson find themselves confronted by the scene of a brutal murder. But the brilliant Holmes soon reveals that there is much more to this case than first meets the eye...

- This fourth and final Sherlock Holmes novel will delight fans of Conan Doyle's legendary detective and his faithful sidekick Watson.

ARTHUR CONAN DOYLE

The Memoirs of Sherlock Holmes

'It is with a heavy heart that I take up my pen to write these the last words in which I shall ever record the singular gifts by which my friend Mr. Sherlock Holmes was distinguished.'

This collection of eleven stories depict Holmes and Watson at their very best, solving some of their most notorious cases, culminating in 'The Final Problem'. In this infamous tale, Holmes comes face-to-face with his greatest opponent, the criminal mastermind Professor Moriarty.

- This is a quintessential collection, and a must-have for collectors and fans of one of the finest sleuths in English literature.
- These stories were previously published in *The Strand* magazine before being released together in a single volume in 1894.

LOUISA MAY ALCOTT

Good Wives

'Love is the only thing that we can carry with us when we go, and it makes the end so easy.'

In mid-nineteenth-century Massachusetts, Meg, Jo, Beth and Amy March continue to encounter both joys and sorrows along life's path, as they journey into womanhood both close to home and further away. The highs and lows of the four young women's lives are shared with each other, and supported by the bond of their sisterhood.

- This second part of *Little Women* contains all the warmth and charm for which Louisa May Alcott's writing is universally admired.

EDGAR ALLAN POE

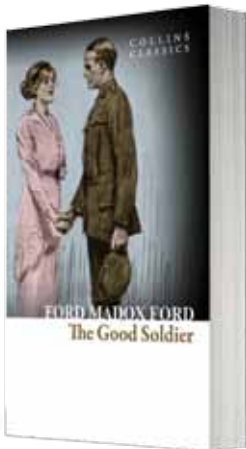

The Narrative of Arthur Gordon Pym of Nantucket

'It was unnecessary for all to perish, when, by the death of one, it was possible, and even probable, that the rest might be finally preserved.'

Travelling aboard a whaling vessel, a young stowaway is swept up in myriad misadventures – mutiny, shipwreck, cannibalism – narrowly escaping numerous brushes with death. This rousing story of a daring sea voyage also presents its antihero with a host of psychological dilemmas, and offers

an important insight into Poe's work as a whole.

- The only complete novel by Edgar Allan Poe, and has inspired classic tales of maritime adventure such as *Moby-Dick* and *Twenty Thousand Leagues Under the Sea*.

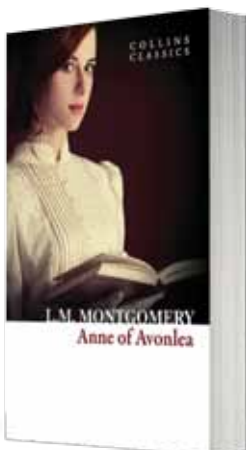

FORD MADOX FORD

The Good Soldier: A Tale Of Passion

'Why can't people have what they want? The things were all there to content everybody; yet everybody has the wrong thing.'

Just before the First World War, two young couples meet in Germany. Their seemingly perfect relationships soon gives way to betrayal, adultery and deception. Tragic consequences are not far away, as anyone caught in their lives is tainted by emotional turmoil and moral ambiguity.

- Inspired by his own life, Ford Madox Ford's novel, originally titled *The Saddest Story*, utilises the device of the unreliable narrator to tell a universal story of love and loss.

LUCY MAUD MONTGOMERY

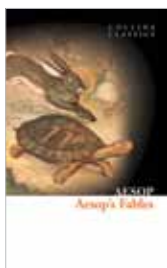

Anne of Avonlea

'A tall, slim girl, 'half-past sixteen', with serious gray eyes and hair which her friends called auburn...'

Anne Shirley, now a young woman, is a new teacher at Avonlea School. As she learns to cope with the ups and downs of life, she is accompanied by some familiar faces, as well as new friends. With fiery red hair and an adventurous attitude, our vivacious heroine cannot stop getting herself into yet more scrapes.

- First published in 1909, *Anne of Avonlea* is the delightful second chapter in the popular *Anne of Green Gables* series.

'It's no use going back to yesterday, because I was a different person then.'

Alice's Adventures in Wonderland has continued to delight readers for over a century with its fantastical depiction of Wonderland, a place where animals talk, Mad Hatter's throw tea parties and the Queen plays croquet. In the sequel *Through the Looking Glass*, Alice once again finds herself in a bizarre and nonsensical place when she passes through a mirror and enters a looking-glass world where nothing is quite as it seems.

*'All human beings, as we meet them,
are commingled out of good and evil.'*

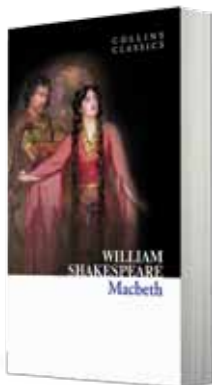

Stevenson's novella of the Victorian era epitomizes the conflict between psychology, science and religious morality, but is fundamentally a triumphant study of the duality of human nature.

*"All the world's a stage, and all the men and women
merely players. They have their exits and their entrances;
And one man in his time plays many parts"*
